

BIO

Welcome! Hello, my name is *Marva Cauley*, one of your Career Technology Education teacher's at Jasper High School. I teach Business Information Management (BIM). I am thrilled to say this is my 41st year teaching at Jasper High.

Teaching is a rewarding experience. I found I have a true passion for molding the minds of our youth for today's society. I have always been very passionate about my career choice as an educator. The goals in my class room are simple; to provide skills, knowledge and experience needed in today challenging work force; to have my students become effective in his/her chosen career choice in society and the work force.

I graduated from Prairie View A&M University majoring in Business Education in the fall of 1976 and began my teaching career at Jasper High School in 1977. In 1980 I received my Masters of Education from Stephen F. Austin University.

I have been married for forty years to my wonderful husband Jimmie and together we have three sons, two daughter-in-law and two wonderful grandchildren.

Children:

Jimmie Glenn II, Tenille (wife), Karmyn Faith (daughter), Jimmie Glenn III (son)

Jeremy Devon and Leah (wife)

Jarrold Michael

My favorite quote comes from one of the world's greatest authors Mayo Angelo:

"My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humor, and some style."
